2009, each officer while in the service of the Nebraska State Patrol
shall pay or have paid on his or her behalf a sum equal to thirteen
percent of his or her monthly compensation. Commencing July 1, 2009,
and until July 1, 2010, each officer while in the service of the
Nebraska State Patrol shall pay or have paid on his or her behalf a
sum equal to fifteen percent of his or her monthly compensation.
Commencing July 1, 2010, and until July 1, 2011, each officer while
in the service of the Nebraska State Patrol shall pay or have paid on
his or her behalf a sum equal to sixteen percent of his or her monthly compensation. Commencing July 1, 2011, and until July 1, 2013, each officer while in the service of the Nebraska State Patrol shall pay or have paid on his or her behalf a sum equal to nineteen percent of his or her monthly compensation. Commencing July 1, 2013, each officer while in the service of the Nebraska State Patrol shall pay or have paid on his or her behalf a sum equal to sixteen percent of his or her monthly compensation. Such amounts shall be deducted monthly by the Director of Administrative Services who shall draw a warrant monthly in the amount of the total deductions from the compensation of members of the Nebraska State Patrol in accordance with subsection (4) of this section, and the State Treasurer shall credit the amount of such warrant to the State Patrol Retirement Fund. The director shall cause a detailed report of all monthly deductions to be made each month to the board.

(2) In addition, commencing July 1, 2005, and until July 1, 2010, there shall be assessed against the appropriation of the Nebraska State Patrol a sum equal to the amount of fifteen percent of each officer's monthly compensation which shall be credited to the State Patrol Retirement Fund. (3) For the fiscal year beginning on July 1, 2002, and
each fiscal year thereafter, the actuary for the board shall perform
an actuarial valuation of the system using the entry age actuarial
cost method. Under this method, the actuarially required funding rate
is equal to the normal cost rate, plus the contribution rate
necessary to amortize the unfunded actuarial accrued liability on a
level payment basis. The normal cost under this method shall be
determined for each individual member on a level percentage of salary
basis. The normal cost amount is then summed for all members.
Beginning July 1, 2006, any existing unfunded liabilities shall be
reinitialized and amortized over a thirty-year period, and during
each subsequent actuarial valuation, changes in the funded actuarial
accrued liability due to changes in benefits, actuarial assumptions,
the asset valuation method, or actuarial gains or losses shall be
measured and amortized over a thirty-year period beginning on the
valuation date of such change. If the unfunded actuarial accrued
liability under the entry age actuarial cost method is zero or less
than zero on an actuarial valuation date, then all prior unfunded
actuarial accrued liabilities shall be considered fully funded and
the unfunded actuarial accrued liability shall be reinitialized and
amortized over a thirty-year period as of the actuarial valuation
date. If the actuarially required contribution rate exceeds the rate
of all contributions required pursuant to the Nebraska State Patrol
Retirement Act, there shall be a supplemental appropriation
sufficient to pay for the differences between the actuarially
required contribution rate and the rate of all contributions required
pursuant to the Nebraska State Patrol Retirement Act. Such valuation
shall be on the basis of actuarial assumptions recommended by the
actuary, approved by the board, and kept on file with the board.

(4) The state shall pick up the member contributions

that the state shall continue to withhold federal income taxes based
upon these contributions until the Internal Revenue Service or the
federal courts rule that, pursuant to section 414(h) of the code,
these contributions shall not be included as gross income of the
member until such time as they are distributed or made available. The
state shall pay these member contributions from the same source of
funds which is used in paying earnings to the member. The state shall
pick up these contributions by a compensation deduction through a
reduction in the cash compensation of the member. Member
