Mr. Smith discussed with the Trustees LB236 and LB446. LB236 would amend OSERS statutes to require payments from member accounts in settlement of felony and misdemeanor financial judgments. The Nebraska Retirement Systems Committee held a hearing on the bill January 27th. Retirement staff has concerns that the payment from member accounts while the member is still an employee of the school district would constitute an in-service distribution in violation of Internal Revenue Service prohibitions. No one representing Omaha Public Schools testified at the hearing.
LB446 would amend OSERS statutes to clearly define compensation that would be included in and excluded from the final average salary calculation for payment of retirement benefits. The Nebraska Retirement Systems Committee held a hearing on the bill January 29th. Retirement staff is supportive of the amendments to clarify that end of career, lump-sum benefit payments would not be permitted to spike the final average salary. Retirement staff is opposed to the included salary capping language that will require retirement staff to manually calculate all benefit estimates to insure compliance with the capping language. John Lindsay, representing Omaha Public Schools, testified at the hearing in support of the bill. The Nebraska Retirement Systems Committee advanced the bill from Committee to General File with no amendments.

Mr. Rea moved to instruct the Executive Director to provide written comments on LB236 and LB446 to the Nebraska Retirement Systems Committee regarding the concerns the retirement system staff have on implementation of each bill. The motion was seconded by Mr. Young and adopted by the following roll call vote: Aye: Erikson – Evans – Fey – Goding – Jones – Purdy – Rea – Ripa – Young – 9. Nay: 0.

Mr. Smith discussed with the Trustees LB447 and LB448. LB447 would amend OSERS statutes to restructure the Board of Trustees and provide for direct election of member and annuitant Trustees; and would authorize the Board of Trustees to be responsible for the general administration of the Retirement System, including to employ and supervise retirement system staff, to contract for and approve the investment of Retirement System funds, and to contract for professional services, such as actuarial and legal. The Nebraska Retirement Systems Committee has set a tentative hearing date of March 3rd on the bill.

LB448 would amend OSERS statutes to merge OSERS with the Nebraska School Employees Retirement System. The Nebraska Retirement Systems Committee has set a tentative hearing date of March 3rd on the bill.
